

STOLMAR

ONE WORKSHOP

Concept, prototype, production, finishing and on-site assembly. You're only limited by your imagination.

DECADES OF CRAFT

YOU'RE ONLY LIMITED BY YOUR IMAGINATION

WE EXPAND WHAT'S POSSIBLE, SO IMAGINATION IS THE ONLY LIMIT.

For years we've grown STOLMAR's machine park — combining technologies in unconventional ways so that the choice of material and production method is never the constraint.

WHAT WE DELIVER

SERVICES

01 / 02

01 Shop window displays & seasonal VM campaigns

02 Exhibition displays & retail installations

03 Custom furniture & bespoke shop fittings

04 Scenography & brand experience elements

05 3D printed components & CNC-cut structures

06 Event props & temporary brand spaces

IN-HOUSE CAPABILITIES

DESIGN

Conceptual & industrial design, from brief to engineering-ready specs.

TECHNICAL DEVELOPMENT

Prototyping, model shop, material and method resolved in-house.

WOOD, METAL & PLASTICS

CNC routing, structural carpentry, laser cutting, welding, powder coating, acrylic/PVC/PC processing.

HP LATEX PRINTING

Large-format, UV-resistant, eco-solvent ink.

3D PRINTING (FDM/SLA)

Prototyping through final-finish production elements.

DUST-FREE PAINT SHOP

Lacquering, varnishing and specialty surface finishes.

HANDCRAFT & MIXED MEDIA

Paper mâché, textile and sculptural techniques.

INSTALLATIONS

From a single installation to a global window-display campaign.

FSC® C219631 • SUSTAINABLE MATERIALS IN USE

TELL US WHAT YOU IMAGINE

LET'S BUILD IT.
